

Die Krise der Erde verursacht von dem militärisch-industriellen Komplex (2)

15.4.2025

Bevor ich furchtbare Manöver der USAPs ausführlich erkläre, die auch in den englischen Resümees nicht erwähnt werden, möchte ich klarmachen, wie die USAPs DUMBs gebaut haben.

Sie benutzten durch Kernkraft betriebene Tunnelvortriebsmaschinen.

Ein verstorbener Oberstleutnant Tom Bearden, der mit ihnen arbeitete, brachte die Patentdokumente der Maschinen heraus, als es ihm endlich gelang, aus dieser Organisation auszutreten, um Greer die Dokumente zu geben. Als er diese Gruppe verließ, wurde er so schlecht behandelt, dass er lange unter PTSD litt.

Unten sieht man ein Bild der Maschine, das an den Patentdokumenten angehängt war.

Greer gibt ein Beispiel der DUMBs (Deep Underground Military Base), die in der Nähe von Edwards AFB (Air Force Base) liegt. Die DUMBs werden durch Tunnels verbunden. In den Tunnels fahren Superschnellzüge betrieben vom elektrogravitischen System. (Unter dem Begriff „Electrogravitics“ versteht man „den erdichteten physikalischen Effekt, der eine Antischwerkraft verursachen soll aufgrund der Wirkung des elektronischen Feldes auf Massen. Übersetzt von der englischen Wikipedia: fictional physical effect claimed to be an anti-gravity force created by an electric field's effect on a mass).

Übrigens, die geplante Magnetschwebbahn in Japan namens „linear Motorcars“ fährt in der experimentalen 42.8 km langen Etappe in Yamanashi Präfektur, die größtenteils aus Tunnels besteht, mit einer Geschwindigkeit von 500 km pro Stunde. Diese Bahnen werden aber natürlich nicht durch die Antischwerkraft betrieben.

Greer sagte, wenn man den Untergrund betritt, z.B. über die DUMB, die in der Nähe vom Edwards AFB liegt, und einen Superschnellzug nimmt, fährt man durch die Tunnel fliegend nach Nellis AFB, dann Kirtland AFB und sogar bis zum „Four Corners“.

In der Nähe von „Four Corners“ liegt die Stadt Dulce, die wegen der Verschwörungstheorie von David Ickes bekannt ist. Die Theorie lautet, dass es böse Außerirdische Greys und Reptilians im Untergrund Dulces gebe, die über die Erde herrschen wollten. Nicht wenige UFO-Fans glauben daran.

Aber das ist eine verführerische Demagogie, möglicherweise absichtlich verbreitet. Es gibt doch viele „Dokumentationen“ im Internet, die über so etwas erzählen.

Greys und Reptilians sind in Wahrheit in DUMBs hergestellte hochentwickelte Bio-Nano-Roboter. Sie sind keine Außerirdischen, sondern künstliche Produkte, die als „ETs auf dem UFO (ARV -Alien Reproduction Vehicle)“ für die Manöver eingesetzt werden, Menschen zu entführen (Abductions) oder Rinder zu verstümmeln (cattle mutilation). Diese Manöver machen USAPs, um Menschen daran glauben zu lassen, dass die Außerirdischen böse und feindlich seien – das sogenannte Szenario der Invasion der Außerirdischen - .

Die Manöver beeinflussen auch die Filmindustrie, so dass viele ET-feindliche Filme gedreht waren, wie die Serie „Alien“ (1979~2024), „Independence Day“(1996), „War of the Worlds“(2002), „World Invasion: Battle Los Angeles“(2011) usw.

Das alles prägt stark das Bewusstsein der Menschen, was der Intention der USAPs passt.

Um über die DUMB in der Nähe vom Edwards AFB weiter zu informieren, wäre es am

besten, Steven Greer selbst darüber reden zu lassen.

Unten werden aus Greers Vortrag, welcher gehalten wurde am 21. November 2015, ein paar Seiten zitiert:

the 1950s. This is criminal! It's outrageous! But that's the way it is. This is how it's developed and I wanted to let you know that his new facility, The Cube is—I have an engineer that I've met with who works in that facility, and they work on not just the propulsion systems, but also the electronic warfare systems and the bio nanotechnology, which I'll get to after our break, the things that the UFO retail world, books, movies and conferences would call aliens. These are man-made. They have integrated circuits in their brains and they walk around. They're little grey or reptilian or creepy-looking things. These are man-made—100%--and I know the men working on that, but The Cube is associated with that. Another is Dulce and another is Pine Gap. The other, of course, we've all heard of Nellis Complex. It's Area 51, more specifically, it's S-4 or S-9 and S-12. Those are compartmented areas. You have to have a password and biometrics to get into them. Pahute Mesa and Area 19 and Groom Lake. These are all things that have been provided to our government officials.

In New Mexico, you have Los Alamos National Laboratories. It has an underground connector—underground—that goes to the Dulce Complex, which most people think doesn't really exist, because you go to Dulce and there's nothing there. Remember this simple fact, nothing critical is above the surface of the ground. It's either in space or it's underground. Everything, including the White House facilities and the Pentagon. Everything critical is underground. The Kirtland Air Force Base has the Sandia National Laboratories and the Defense Nuclear Agency. Phillips Labs, Manzano Mountain Weapons Storage Facility and underground complex that connects Coyote Canyon Test Site (North end of Manzano), White Sands Complex, and again, the Dulce Complex, so Kirtland Air Force Base, and that's outside Albuquerque. I've been there.

In Arizona, a key facility is Fort Huachuca, an underground base, most of it that's critical. It's

37

Army Intelligence headquarters. There is a storage facility where a man, as of the 1970s, who was on my team, worked in it, and at that time they had nine extraterrestrial spacecraft that had been downed using these electromagnetic pulse scalar weapons and a whole lot of different ET species that were frozen there. That's at Fort Huachuca, ironically, near Tombstone. The other ones I just want to mention, Cheyenne Mountain Deep Space Network, which is under the mountain in Colorado Springs, has a dedicated area for just the Deep Space Network tracking of interstellars that are in our solar system. One of my military advisors, a man who's been in many of these unacknowledged special access projects, was actually in that facility, and got to see this Console 50. He said they had tracked an object at that time that was in our solar system, that was 26 miles in diameter, an artificial ET object, moving as he put it, "under its own steam." He's a Navy guy. I said, "I don't think it's working with steam, but yeah, you're right." Another critical facility is the Lawrence Livermore Labs, the Pine Gap underground facility in Australia, I have a picture, actually, of the above-ground facility that a man who'd worked there sent to me. The

Redstone Arsenal Underground Complex in Alabama, that also has an association with the Marshall Space Flight Center, and in Utah, one of the most critical, the most critical one that's new is the Dugway Proving Grounds, outside Provo, Utah. This is classified air space above and no access by ground. Above ground, you don't see much...everything is underground.

Richard Foch, this Naval Research Lab official, was out there with some Generation five or six or whatever night scopes, doing an operation and he looked out and saw these objects coming out from underground that then zipped over him. These massive discs and triangular-shaped anti-gravity objects that were ours and some were just sitting out there, watching him. That's outside of Provo, in the desert. That one is very key, and is mostly manned by folks who are part of the Mormon corporate empire, which if I were to rank who has what kind of say-so over policy on

38

this, that would rank, certainly ahead of the president or Congress. I won't comment further than that...this is not to make an aspersion to rank-and-file Mormons. This is just how that operation works. The agencies in the US government that are associated with this...AFOSI (AIR Force Office of Special Investigation), compartmented operations at the CIA, the Defense Advanced Research Project (DARPA), the Defense Intelligence Agency (DIA), now notwithstanding, I briefed the general who is head of it. He wasn't given any information, but we had Disclosure Project witnesses who were DIA-assigned contractors who were very involved in ET and UFO technology issues. Certain compartmented operations at the FBI, being tightly held, and every military intelligence division (Army, Air Force, Navy) have compartmented unacknowledged operations that feed into this MAJIC committee. The NRO (National Reconnaissance Office) the NSA (National Security Agency), again, a very compartmented operation, certainly nothing that Edward Snowden had access to, to my knowledge, although, it's been asked, and the various space commands.

Private corporate entities include BDM Corporation; Bechtel Corporation does most of the underground base construction. I know that the tunnel that's being built from Los Alamos over to Dulce—for years people heard, and you can Google this, the Taos Hum. A lot of New-Agers thought it was Gaia singing or something. There's a massive nuclear-powered tunneling device, that was going from Los Alamos over to Dulce. It goes through bedrock and glassifies it into this massive tunnel that then anti-gravity, electromagnetic vehicles transport people—people carriers underneath the ground. As it was going through that bedrock, it caused this vibration. That was being operated by Bechtel, and I was at a meeting with Stephen Bechtel once, and they are very key. Booz-Allen and Hamilton is who Snowden worked for, but they are a key contractor. They do have a compartmented operation dealing with this. Boeing Aerospace, EG&G a very key

39

facility for creating electronics and also state-of-the-art nanotechnology implants that are put into abduction victims; people that think they had contact with ETs, but are actually being abducted by military and corporate folks. E-Systems, which is now a division of Raytheon; Lockheed-Martin I've mentioned; McDonnell Douglas is now part of Boeing; MITRE Corporation is very key in terms of anti-gravity and high-tech and is here in the D.C. area and other places. Northrup Grumman; I mentioned Phillips Labs before; Rockwell International; SAIC (Science Applications International, Corporation), now, this is one of the crown jewel. Admiral Bobby Ray Inman had been a member of this MAJIC committee for years, along with Dick Cheney and Papa Bush (George H. W. Bush), but at SAIC he had been National Security Head, and he moved from there over to the Board of SAIC. In a little side story interestingly, when I asked Senator Barry Goldwater, at his home some years ago—he had run for president in 1964, but always had an interest in this and never been told anything. We started comparing notes with who we knew, and he said, "How can I help you?" and I said, "If you could reach out to some of

these people on this MAJIC committee it'd be great." We named some names that he didn't know some of the ones I mentioned, and I said, Admiral Bobby Ray Inman and he says, "Oh, Bobby Ray, we've been friends for years." I said, "Well, get hold of him. Give him a jingle, would you?" So he did; biggest mistake of his life. He got hold of me and said, "I can't make any more phone calls like that for you." He tore me apart. He tore me a new one. But Admiral Inman, definitely a MAJIC member, as are other chief people on SAIC, but it's compartmentalized, so most people work on conventional things, there. At TRW; Village Super-Computing; Wackenhut Security there's a lot of security for MAJIC. And then, there are others, as well. Some of these, most people never heard of. They're huge and have enormous reach. I think what you have to understand is that they're certainly not limited to that list, but it feeds into a system. Most people don't even understand how it works. I always tell people to go back and look at the interview of

40

Denise McKenzie, who worked for SAIC. She got a job there as a clerical, administrative person in an office. It's kind of like the Mafia. You know how the Mafia will have like a pizza parlor or some little shop. They'll come in and that's the storefront, but they're laundering money and doing their drug deals and pimps through the back door. That's how this works. So, she was in this office at SAIC, and it was running multi-million dollar contracts for the US government. She said, "What is this, there's nothing going on here?" And she went to this file cabinet and there were all these dummied-up reports that would go back to Capitol Hill to justify the money. When she started asking about it, they said, "Don't ask about this." What she basically was told. "This office receives the money; we generate false reports back to the president and Congress. That money then passes out of this office to a Black Project dealing with UFO's, electronics, and anti-gravity, stuff like this." When you get to some of the accounting—I met recently with one of the Big 4 accounting firms, and they said, "Yeah, this is exactly how it works." They'll basically say, "Here's what we're doing"—and if you try to penetrate further to actually get to a granular

level of where the money is going, they'll say, "Well, you don't have a need to know. That's a top-secret, special-compartmented intelligence." Basically, you have to take their word for it. So it all gets rubber-stamped by the big four auditing firms, but it's very illegal. You'll remember in the film "Sirius," Donald Rumsfeld, the day before 9/11, I'm not sure he knew he was being filmed, said, "2.3 trillion dollars unaccounted for." Recently, I heard—found out from a good source, its \$8.5 trillion now. So, there's \$8.5 trillion that have basically been embezzled, misappropriated, used without the knowledge of Congress or the President. That's a lot of money even for America. So that is exactly how it operates, but if you take that one little example from SAIC and multiply it through all these corporations and all these different government offices, that's how the funding mechanism works. Does that make sense to folks? I hope that made sense to you guys.

Die DUMBs, wo Greys und Reptilians produziert werden, liegen aber überall auf der Welt, auch in England.

Greer gab ein Beispiel dafür, als er am 8. September 2024 in London eine Rede hielt.

Er sagte, „ Project Mannequin, it is a top secret program, but it's 27 years old. That was a genetic engineering program of a PLF, is what's called a Program Life Form.

It would like an alien, but it's actually a bio nano machine. Now, let me quickly describe what that is. So they have integrated circuits in the brain and they have a fiber optic and

circuits. But they have the real sophisticated ones, a biological component, genetic. So they're very believable as an extraterrestrial biological entity." (lecture held on September the 8th in London; 01.04.17~)

Einen Bericht des Zeugen B.K. über das Projekt „Mannequin“ kann man im [DPIA](#) (Disclosure Project Intelligence Archive) finden. (Suchen Sie „Mannequin“ mit der Suchmaschine im Archive)

OF SECURITY.

NOT EVERYONE THAT ENTERS THE FACILITY LEAVES THE FACILITY.

THE MIND PROGRAMMING, THE IMPLANTING, THE GENETIC EXPERIMENTATION, THE STAGED MILITARY UFO ABDUCTIONS, AND THE SPECIAL LIFE FORM CREATION CARRIED OUT AT THE FACILITY, ALL COME UNDER AN NSA RUN PROJECT, THE NAME OF THIS PROJECT IS 'MANNEQUIN'.

DURING 1979 AND INTO 1980 I WAS DIRECTLY INVOLVED WITH THIS FACILITY IN THE CAPACITY OF SECURITY OFFICER, ONE OF FOUR BRITISH SECURITY STAFF AMONG THE CANADIAN AND AMERICANS.

TO MY KNOWLEDGE ALL SECURITY STAFF WERE IMPLANTED AND SOME WERE ALSO USED AS HUMAN GUINEA PIGS, MYSELF INCLUDED.

THE 'MANNEQUIN' PROJECT STARTED MANY YEARS AGO, IT IS AN ONGOING PROJECT AND IS GLOBAL IN NATURE.

I AM ONLY ABLE TO DISCLOSE THESE FACTS WITH THE DIRECT HELP OF AND FROM A SECTION OF BRITISH DEFENCE INTELLIGENCE, A GROUP OF PEOPLE WHOM NO LONGER WISH TO PLAY BALL WITH THE PROJECT CONTROLLERS, THEY NO LONGER LIKE WHAT THEY SEE OCCURRING AT THIS FACILITY AND OTHERS LIKE IT SCATTERED AROUND THE WORLD.

DEFENCE INTELLIGENCE ARE USING MYSELF AND A NUMBER OF OTHERS IN THE UK TO RELEASE THIS DATA INTO THE PUBLIC DOMAIN, INTELLIGENCE PERSONNEL HAVE BEEN USING SIMILAR PROCEDURES IN THE USA FOR MANY YEARS.

THE DATA I HAVE BEEN RELEASING SINCE EARLY 1994 CONTRAVENES THE OFFICIAL SECRETS ACT, A DOCUMENT I WAS 'PERSUADED' TO SIGN DURING THE SUMMER OF 1979. DATA, I AND OF COURSE DEFENCE INTELLIGENCE, COULD BE PROSECUTED FOR RELEASING TO THE PUBLIC.

* NSA: National Security Agency

* HUMAN GUINEA PIGS: Experimentation on Man is a book about unethical human experimentation, written by Maurice Pappworth and published by Routledge and Kegan Paul in 1967. In the 1970s, the book prompted a change in the regulation of human research. (Wikipedia)

Kernpunkte:

1. Der Name NSA wird oft in den Zeugenaussagen über die schlechten Taten der USAPs genannt. In der NSA versteckt sich höchstwahrscheinlich deren Abteilung.
2. In der DUMB in Berkshire/England wurden damals verschiedene Verbrechen begangen: Eine davon war das Herstellen der Greys.

3. Die Implantierung an den Entführten wurde auch von der illegalen Organisation gemacht, nicht von den Außerirdischen.

Hier möchte ich zeigen, wie künstliche „UFOs“ aussehen. Das können wir von den Erlebnissen des Zeugen „T.E.“ erfahren.

Der Zeuge T.E. kam im März 2002 mit Steven Greer in Kontakt und teilte ihm seine unvergesslichen Erfahrungen mit, die er sammelte, als er von 2002 bis 2004 an der Nellis AFB (Air Force Base) arbeitete. Diese Arbeit war für das NRO (National Reconnaissance Office).

Ihm war die Arbeit zugeteilt, mit dem Helikopter zur Stelle des Flugzeugabsturzes zu fliegen und in Teamarbeit die Wrackteile der abgestürzten Flugzeuge einzusammeln. Diese Arbeit war wichtig, weil der Aufbau der meisten Flugzeuge des amerikanischen Militärs aus vielen Geheimtechnologien besteht.

Aber im März oder im frühen April 2004 wurde sie „weird“. Das Team wurde aufgefordert, zu einer Stelle zu fliegen, indem ihnen gesagt wurde: „We’ve got a downed bird. You have to scoop up things very quickly.“

Das Team flog zu der Wüste in der Range der Nellis AFB und fand ein merkwürdiges dreieckiges Flugobjekt. Das war ein künstliches Raumschiff (Alien Reproduction Vehicle: ARV). Nach Greer wurde das entweder vom Militärprodukthersteller Raytheon Technologies oder Flugzeughersteller Northrop Grumman produziert.

T.E. zeichnete dem Interviewer Greer das Objekt.

Die originale Zeichnung von ihm:

Eine vom Illustrator wiedergegebene Zeichnung

Eine andere schematisch wiedergegebene Zeichnung:

Auffällig ist dass das Objekt vernietet ist. Das ist ein wichtiges Kennzeichen des ARVs.
Dadurch kann man einen ARV vom echten ET-Raumschiff unterscheiden, das „nahtlos“ ist.

Das unten ist nicht das abgestürzte ARV, sondern das, das T.E. am Himmel beobachtete, als ein echtes ET-Raumschiff auf dem Boden stürzte, nachdem es von dem ARV beschossen wurde.

Diese Episode konnte man von dem Greers Vortrag in London erfahren, der am 8.

November 2024 gehalten wurde.

Der Absturzfall entsetzte T.E.

Bei diesem Fall war das ET-Raumschiff nicht beschädigt, sondern es stand etwas nördlich vom Nellis AFB wie „betäubt“ auf dem Boden.

Das war ein großes schönes Raumschiff, das 65 ft. (etwa 20 m) Durchmesser hatte.

Illustration:

Archive / TE 65 foot wide sunflower seed craft with fruit roll up ramp artist Joel Payne.jpg

Oben in der Luft schwebte das dreieckige ARV und ein paar Helikopter fliegen.

Die originale Zeichnung von T.E. kann man unten sehen.

Von dieser originalen Zeichnung kann man erfahren, dass eine Gruppe von Soldaten mit der Waffe in der Hand in der Nähe des ET-Raumschiffes waren. T.E. war auch da, nur um mögliche Trümmer einzusammeln.

Plötzlich begann das ET-Raumschiff wieder zu funktionieren, glühte rötlich pulsierend. Es gab ein Durcheinander unter den Soldaten. Der Betreiber des ARVs geriet in Panik, weil er einen Gegegenangriff vom ET-Raumschiff erwartete und begann wegzufiegen. Auch alle Helikopter flogen weg.

Aus dem Ausgang des Raumschiffes dehnte sich eine Rampe nach unten aus. Das Sonderbare daran war, dass sie sich ausrollte, wie die Schale beim Schälen einer Frucht.

Dann passierte etwas Ungewöhnliches – wie in Science Fiction-. Alle Soldaten fielen ohnmächtig auf den Boden. Wahrscheinlich strahlte das ET-Raumschiff etwas aus. Auch T.E. fiel, aber blieb wach.

Vor ihm stellten sich zwei ETs, anscheinend ein männliches und ein weibliches.

Witness #10892 sketch of ETs.jpeg

Er beschrieb diese ETs:

The creatures, E.T.'s were about 5 ft. tall.

They looked different. Heads were similar. No hair. But wispy eyelashes. Thin lips. Slight smile. Olive complexion. Light Green-Blue Irises. Metallic looking clothes(opalescent jumpsuits). Slight build but clearly well muscled. Curious about my bucket and MOPP gear.

Anm: **MOPP** is protective **gear** used by U.S. military personnel in a toxic environment, for example, during a chemical, biological, radiological, or nuclear.

Eine vom Illustrator wiedergegebene Zeichnung:

Drawing of ETS Witness #10892 Rudy Gardea artist.JPG

Die ETs sprachen ihn an: „Stop, stop, calm down, relax. We are not here to hurt you.”

Er sagte dem Interviewer Greer: „It was emotion, a thought impression all at one time. I felt very calm, but could not move quickly.“

Möglicherweise teilten ihm die ETs die Gedanken und die Liebe telepatisch mit.

Dann „sprachen“ sie weiter: „We are going to leave. You can't stop us. You need to stop doing this.“

Er beschloss, seine Arbeit aufzugeben.

Dank seines Onkels, der in der illegalen Organisation eine hohe Stellung hatte, konnte er das Team verlassen.

Er wurde aber von 2006 bis 2008 mit Anrufen oft bedroht. Sie ließen ihn auch in Lebensgefahr geraten(ungefähr im späten Juni oder im frühen Juli 2006).

Als er einmal mit seinem Kleinlasttransporter in ein Gebiet fuhr, sah er ein diamantförmiges Raumschiff in der Luft, das 100 ft. hoch schwebte. Dann begegnete er einer Truppe der Sondereinsatzkräfte. Diese Soldaten waren mit Gras und Heu getarnt und trugen alle eine tragbare elektromagnetische Waffe. T.E. musste stehenbleiben, weil der Motor seines Autos plötzlich nicht mehr funktionierte. Dann bemerkte er, dass drei Greys mit abgehackten Bewegungen auf ihn zu. Diese waren etwa drei und halb ft. groß. Einer von ihnen stellte sich vor die Autotür. Er fürchtete, er müsse von ihnen entführt werden. So öffnete er die Tür so schnell und stark, dass die Tür rückartig gegen den Grey stieß. Er kickte ihn auch noch. Er fühlte, die „Haut“ des Greys bestehe aus synthetischem Stoff. Was sah er dann? Seine „Haut“ war gebrochen, so dass in der Öffnung Glasfasern und integrierte Schaltungen zu sehen waren. Der raffinierte Roboter bewegte sich nicht mehr.

Dieses schlimme Erlebnis hatte eine halbe Stunde gedauert. Danach war er froh, dass er

wieder ohne Problem auf der Straße weiter fahren konnte.

Jetzt lebt er ruhig in seiner Heimatstadt, die Greer nicht nennen will.

Zum Schluss soll seine Zeichnung der Flugzeughalle in der DUMB gezeigt werden, aus der er mit dem Helikopter abflog (und in die er nach der Arbeit zurückflog).
